DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey J. Duquette, Esp (Reg. No. 45,487) on January 12, 2007.

The application has been amended as follows:

On the title, please, change "METHODS AND APPARATUS FOR REDUCING SIGNAL REFLECTION IN A CIRCUIT BOARD" TO - - **AN APPARATUS FOR REDUCING SIGNAL REFLECTION IN A CIRCUIT BOARD** - - because the method claims are no longer belongs in this application.

Allowable Subject Matter

2. Claims 1, 7-9, 11-13, 19-21, 23-24, 28, 30, and 32-36 are allowed.

The following is an examiner's statement of reasons for allowance: neither the references cited nor the cited references teach or suggest in combination of a circuit board having an opening defined by a conductive plane comprising an opening diameter and a contact pad comprising a pad diameter, the opening diameter being at least equal to the contact pad diameter (claims 1, 13, and 28), a signal conductor

Art Unit: 2841

comprises a centerline, a pad center axis of the contact pad defines a first centerline offset relative to the centerline of the signal conductor, and an opening center axis of the opening defined by the conductive plane defines a second centerline offset relative to the centerline of the signal conductor (claims 34-36). Further, in response and remarks and claim amendments made by Applicant's Amendments filed on 01/03/07, the arguments are persuasive. Amended claims have been considered and upon conclusion of a comprehensive search of the prior arts, the Office indicates that the claims, as amended, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
